Ms. Linda L. Tarr, PH.D.
 Director, Presidents Commission
 on White House Fellows
 The White House
 Washington, DC 20415

Dear Ms. Tarr:

Thank you for your letter of 22 May 1987 concerning the White House Fellowship Program. I am very pleased that the Central Intelligence Agency has been given the opportunity to join with other Federal agencies to participate in such a worthwhile program:

I have been advised that you have had telephone conversations on this matter with the Agency's Coordinator for Student Programs, [redacted] [redacted] has explained our employment processing system and the need for sufficient time to complete the necessary security and medical clearances. While regretfully the timing does not permit our participation this year, we do have an interest in getting these highly qualified individuals into the Agency. However, the candidates must be identified to us no later than 1 April to permit completion of a background investigation, their security clearances, and timely notification of their acceptance.

The additional time would provide a much greater opportunity for the placement of a successful candidate within the Central Intelligence Agency. Please direct all communications to [redacted] who is more than willing to assist you in this regard.

I wish you much success in your efforts and the program's goal of giving young leaders the opportunity to work at the highest levels of the Federal Government.

Sincerely,

Hugh E. Price
 Director of Personnel
